Dear Hilary Jeune

Thank you for your letter dated on 4th December 1995.It makes me believe again that many of the young people in around the world especially from your country never forgot me and the people of East Timor.
Since I serve my sentence in this prison I never received letters which use the prison's address.When the postman come the prison apparatus took the letters to the office stole the stamp after that they burning the letter.There a lucky for me,your letter can came up to my hand because a friend of mine(a criminal prisioner) stole it from cupboard of the prison office.
I was surprise when I read that you belong to a student group representing Amnesty Internasional in your school! I surprise because in your country Amnesty Internasional was allowed to have their representative up to the school. Here in Indonesia is the contrary,the society was forbided by the government to contact with Amnesty Internasional.It is ridiculous,isn't it?
Your action to writing to authorities and putting pressure on them made prove your attention with the suffer of my people. Your support is our hope,yours action would make short our suffer,yors voices is light to illuminate the darkness which we face now.
Many and many of East Timor's young as you was died during the Indonesian's ocupation.They died because they want to live free and independent as you.Many of them have losed their school because of their struggle for human rights and democratization. Now,they who still alive crying for yours support.

Hilary my dear,I will always pray for you,for succes in your studies and for your struggle to protect human rights.

I always believe that Nothing is impossible for God.
Please sent my greetings warm to all of your school mates and to all of the Amnesty Internasional members.For you a warm hold.

I beg your pardon for my bad inglish.
If you mind to reply this letter please sent it to this address:

Dear Mr Carey,

I am delighted to inform you that we sent 140 postcards to Fernando who is in Prison in Jakrta. Even more amazingly is that I have received a letter from him. This ~~leave~~ has made everyone extremely happy and I have to read it to the school on Friday. I have enclosed a photocopy of it. He has also given an alternative address, so now we can all write to him and this time he will recieve ~~not~~ all our support.

Your books have arrived and we Thank you for them. They will be displayed in the libary and a cheque will be sent shortly for them. We are going to write to the Ambassador of Indonesia to pressure him.

Thank you again for informing us of East Timor and their struggles.

Yours Sincerely

Hilary Jeune.
